

— WE'RE EXCITED TO ANNOUNCE —

Dr. Hanzlicek

IS NOW OFFERING

ACCUTANE®

A PROVEN SOLUTION FOR SEVERE ACNE

Accutane (isotretinoin) is a powerful oral prescription medication designed to treat severe, cystic, or treatment-resistant acne.

It works from within to target the root causes of acne and can lead to long-term clear skin.

WHO MAY QUALIFY?

- ✓ Have severe, cystic, or nodular acne
- ✓ Haven't seen results with other treatments
- ✓ Experience acne that affects your confidence and quality of life
- ✓ Are ready for a long-term solution

Your eligibility will be determined during your consultation.

**SAFE.
